

**IEEE Central Texas Section  
2023 Spring Leadership Planning Meeting  
January 21, 2023  
San Marcos, TX**

Section Committee/Officer Name: Justice Micka

Chapter/Affinity Name: Texas State University

Prepared by: Justice Micka

# Vision, Leadership Team

## Texas State University IEEE:

For the 2022/2023 school year, our primary objective is to provide TXST EE & other STEM students with various technical workshops, professional development, and networking opportunities. The Fall 2022 semester showed success in obtaining new membership signups for both TXST & National IEEE. Additionally, TXST IEEE hosted several companies for recruiting and networking events. For the Spring 2023 semester, we hope to continue this trend.

## Leadership Team

### Position

Chair  
Vice-Chair of Org/Admin  
Vice-Chair of Events  
Treasurer  
Secretary

### Name

Justice Micka  
Yasmin Baqdounes  
Gage Freeman  
Patrick Towner  
Timothy Maraj

### Email

jam899@txstate.edu  
ylb4@txstate.edu  
tgf25@txstate.edu  
ppt6@txstate.edu  
ttm51@txstate.edu

(\* ) These can be technical meetings, workshops, networking events, etc.

# Fall 2022 Key Accomplishments to date

## Meetings:

- 11 Total Events
  - 6 General Meetings
  - 5 Guest Speakers (AMD, Vitesco, Tokyo Electron, Toppan Photomask, etc.)
  - 1 Technical workshop
- 303 total attendees for the Fall 2022 semester
- 76 National IEEE member total in attendance
- 226 Non-National members total in attendance

## Other Activities/Events:

- Strong social event turnouts
- Week of Welcome recruiting event

# Vitesco Recruiting Event!

# Fall 2022 Key Accomplishments to date

## **Planned Upcoming Meetings:**

- January 26:  
IEEE Ice Breakers – Introduction & Welcome Event
- Date TBD:  
Vitesco facility tour and recruiting event
- Date TBD:  
Alumni Panel – Industry navigation
- Date TBD:  
Fundraiser events: dodgeball tournament, 5K run
- And much more!

## **Community Outreach:**

- STEM advocacy outreach with Canyon High School & San Marcos High School
- River cleanup

# Fall 2022 Chapter Vitality & Help Needed

## Chapter Vitality Assessment

- Attendance: consistent engagement from students showed promising turnouts
- IEEE Membership: successfully signed up several students for national memberships, and non-member turnout to IEEE events was consistent.
- Many seniors graduating in the 2022/2023 year

## Top Help Needed/Issues

- Industry connections & guest speakers
- Fundraising efforts
- Collaboration with UT
- Recruitment for R5

## Plans for Spring 2023?

- Focus on recruiting potential officers for the 2023/2024 school year
- Focus on social events and collaborations with other school organizations
- Focus on recruiting for R5

# Fall 2022 Expenses & Income

• Etsy Merch sales	\$ 205
• Social networking events	\$ (200)
• Marketing materials & fundraising efforts	\$ (50)
• Meeting supplies/Miscellaneous	\$ (425)
<b>Total</b>	<b>\$ (475)</b>

# Funding Proposal for Spring 2023

## Proposed Use of CTS Funding

• R5 Conference	\$ 300
• Social networking events	\$ 200
• Marketing materials & fundraising efforts	\$ 50
• Meeting supplies/Miscellaneous	\$ 450
<b>Total</b>	<b>\$ 1000</b>

# Funding Proposal

## R5 Conference

In 2022, TXST sent a team to the R5 Robotics conference and placed 2nd! We are very proud of the hard work our robotics team put into making their underwater submersible. Our hope for the next R5 competition is to send robotics, ethics, and circuits teams to R5. Proposed funds will be used to procure preparation materials to help our teams practice for their specific events.

# Funding Proposal

## Social Networking Events

TXST IEEE is a success because of the welcoming environment we provide to students! Social networking events are an effective way to allow students to unwind from their work and school responsibilities. We held several social events throughout the past year, and each event was a success. Funds will be used to procure supplemental materials for social events.

# Funding Proposal

## Marketing Materials

Previous usage of funds for marketing materials entailed the creation of flyers stating meeting information, merchandise such as mugs and T-shirts, and stoles for graduates. Funds provided for the 2022/2023 year will contribute to the same causes.

# Funding Proposal

## **TXST Student Branch Creation & Assistance**

Our hope for the 2022/2023 school year is to revitalize specific student chapters at TXST, such as CES, PES, & COMMSOC. TXST hosts a large concentration of computer, net-comm, & power students. We are confident that increased enrollment and attendance will allow us to revitalize and grow independent student chapters. Funds will assist with startup tasks, marketing, administrative items, etc.
