Student Activities Report

Prepared by: Larry Larson

2019

Activity

Funding: 10,000\$ Distributed to 5 Student Branches in 2 Phases

- Phase1: Aug/Sept – 1,000\$/Branch targeted to Proposal and Presentation of plans for the upcoming academic year
- Phase 2: December - 5,000\$ to be distributed amongst the Branches on evaluated proposal and performance to IEEE records request

Student Distributed Conference

- Held in November
- Zach Fox and Semih Aslan of TXState formed and led the meeting
- Good content – Disappointing attendance
- Would like to do it again in 2020, perhaps as more a Graduate Student event

Each of the 3 remaining Organizations will give their own report on 2019 Accomplishments and Activities

2020 Approach

Now there are only 2 official Student Branches

Funding: The forecast acknowledged this change by planning \$4000 to be distributed

Plan:

- Phase1: 1,000\$/Branch – Presentation at Summer Planning Meeting OR submitted Report on 2020-2021 Plans
- Phase 2: December - 1,000\$/Branch plus National Subsidy for vTools Officer list and Yearly Report - - - by finalized planning proposal

Student Distributed Conference

- Is in budget forecast

We have forgotten 7 Student organizations - - Would like to bring them into our sight and perhaps seed their interest with funding
